

AIZAT TAQQIYUDIN

Software Developer

✉ aizattaqq@gmail.com ☎ +6017 284 0608 📍 Putrajaya

SUMMARY

A diligent, highly intelligent Bachelor of Computer Science (Software Engineering) degree holder, I am a software developer equipped with practical experience in the working field. Demonstrating an above-average proficiency in programming languages, I am enthusiastic about expanding my knowledge further. Eager to contribute and learn in a dynamic work environment, I am seeking opportunities to enhance my skills and make meaningful contributions to innovative projects.

PROFESSIONAL EXPERIENCE

UI/UX Designer <i>GFIS (M) Sdn. Bhd.</i>	09/2022 – 11/2024
- Actively involved in developing the internal-use web application alongside the main development team. - Deploying apps (Vercel) for testing purposes. - Contributed to designing and developing an intuitive admin dashboard for an internal project, focusing on enhancing user experience. - Crafting interactive elements, such as buttons, forms, and animations, to enhance user engagement and satisfaction. - Designing visually appealing and user-friendly interfaces that adhere to brand guidelines and accessibility standards.	
Junior Software Developer (Internship) <i>GFIS Sdn. Bhd.</i>	06/2022 – 09/2022
- Collaborated with senior developers to write clean and maintainable code for web applications. - Learned new languages such as NextJs, Strapi, MongoDB and Django. - Contributed to the design and development of user interfaces, enhancing user experiences. - Engaged in coding, testing, and debugging software applications while learning from experienced developers	

EDUCATION

Bachelor's Degree in Computer Science (Software Engineering) <i>Universiti Tenaga Nasional (UNITEN)</i>	2019 – 2022
Deans list (Sem 1)	
Foundation in Computer Science <i>Universiti Tenaga Nasional (UNITEN)</i>	2018 – 2019
Accounting Stream <i>SMK Putrajaya Presint 16(1)</i>	2014 – 2017

TECHNICAL SKILLS

Programming Languages HTML, CSS, JavaScript and TypeScript	Frameworks Django, Next.js and React.js
Soft Skills - Adept in analyzing and resolving challenges with efficiency - Strong communications skills	

EXTRACURRICULAR INVOLVEMENT

Regional chess tournament, MSSM Catur

2016 – 2016

Participant

Putrajaya

- Represented Putrajaya, enhancing my decision-making and strategic planning skills through participation in multiple rounds.

Machine Design Exhibition

UNITEN

Team representative

- My team and I designed and presented an advanced system to a diverse audience, showcasing strong presentation and interpersonal skills.

World Bank Youth Summit

Participant

- Where I was allowed to network and interact with various industry professionals.

PROJECTS

Destination Alarm System

2021 – 2022

- Developed a GPS-based mobile application that alerts users before reaching their destination.
- Integrated location tracking, reminder notifications, and map-based distance monitoring features.
- Implemented user registration functionality to improve accessibility and user experience.
- Designed to help public transport users avoid missing stops due to distractions or transport delays.

Tech: Android Development, GPS Tracking, Location-Based Services (LBS)
